

PORTFOLIO DEVELOPMENT

Student _____

Each week you are required to present one finished portfolio piece in the PROCESS COURSE. We will meet as a group every scheduled class day. Attending these meetings are crucial to your progress. Attendance will be taken at the beginning of the process course. Two late attendances equal one absence. Any absence you do not make up will lower your grade one full grade (Ex: 3.0 turns into a 2.0). If you are absent you must make up the absence by: a) coordinating

with other students, b) collecting any notes handed out, c) coordinating with your instructor, and d) doing any missed work.

It is required that you have a faculty member other than your main instructor sign-off on each design. You need to get feedback on your electronic files before you print and mount your piece. This will avoid excessive printing costs to you.
